

HAMEL TOM

PERFORMANCE ANALYST
DATA · VIDEO · SCOUTING

PROFILE

I work on both sides of analysis: what you see on video and what the data measures. I analyse opponents, assess players and deliver clear reports to the coaching staff. Trained in sport science (Bachelor's degree in Sport and Exercise Science) and then in data (Master's in Sports Big Data, UCAM). Available immediately and open to relocating internationally.

SKILLS

Technical skills

- Video analysis: Metrica Sports · Wyscout · NacSport · iMovie
- Football data: Wyscout · StatsBomb · Mediacoach · Opta / Instat
- Data analysis: Python (Pandas, NumPy, Scikit-learn) · R · SQL · SQLite
- Visualisation & tools: Matplotlib · mplsoccer · Plotly · Streamlit · Tableau · Power BI · Excel · Google Colab · Databricks · Git / GitHub

Soft skills

- Quick learner
- Adaptable
- Autonomous and rigorous

Languages

French (native) · Spanish (fluent) · English (intermediate)

EDUCATION

2023 - 2024

Master's in Sports Big Data (Máster en Big Data Deportivo) – Sports Data Campus, Universidad Católica San Antonio de Murcia (UCAM), Spain

2017 - 2022

Bachelor's degree in Sport and Exercise Science (Licence STAPS), Sports Coaching pathway – University of Rouen, France

2017

French Baccalauréat, Science track – Lycée François-Ier, Le Havre, France

DATA ANALYSIS PROJECTS

ScoutAnalytics – Scouting and team analysis tool (2025 – present)

- A tool to analyse opponents and identify players: team playing styles, contextual performance of each player, and profile search based on the club's needs.
- Python data pipeline (Google Colab): cleaning and normalising Wyscout data, grouping teams by playing style and contextual player scoring (z-scores).
- Interactive dashboard in French, Spanish and English: rankings by position, comparison radars and weighted profile search.
- Demo and methodology: tomhamel.github.io

Data analysis and visualisation (LinkedIn)

- Reports and visualisations based on sports data (Python, statistical charts), published regularly for a professional audience.
- End-to-end data storytelling: extraction, cleaning, analysis and visualisation.

WORK EXPERIENCE

Customer Service & Hospitality Assistant (2018 – 2025, alongside studies)

Casa, BChef, Le Club Café, Le Marché Bio – Le Havre, Francia

- Customer service and advice, cash handling and daily closing.
- Teamwork under pressure during peak hours, with high standards of speed and service quality.

INTERESTS

- Data analysis and technology
- Football and sport
- Reading on sports analytics
- Trading card games (TCG)
